

# Clinical Results with CO<sub>2</sub>RE Intima

SYNERON  CANDELA®

# Clinical Results with CO<sub>2</sub>RE Intima

Photos courtesy of Julene B. Samuels, M.D.

## Baseline

**NOTE:** Before surgical labiaplasty and treatment with the External handpiece of CO<sub>2</sub>RE. Complete lack of visualization of labia minora due to laxity of labia majora.

## Before Tx2

**NOTE:** Labia minora now beginning to be revealed.

## Before Tx3

**NOTE:** Visible tightening of the labia majora tissues. Labia minora now revealed & well visualized.
